Austin Rognes

Current Secret Security Clearance
aurognes@gmail.com ◦ 515-619-1910 ◦ Ankeny, IA

EDUCATION

Iowa State University B.S. Software Engineering *August 2018 - December 2022*

◦ Minor in Cyber Security
◦ GPA 3.31

WORK EXPERIENCE

Northrop Grumman, San Antonio, TX: Associate Embedded Software Engineer *January 2023 - November 2024*

◦ Worked on scrum sprints using Atlassian Jira.
◦ Collaborated on multi-repository C++ projects using Gitlab as well as pipeline testing.
◦ Gained a conceptual understanding of synchronous and asynchronous LADAR camera intricacies from domain experts.
◦ Refactored an asynchronous LADAR camera system to also handle synchronous camera input.
◦ Designed a multithreaded class architecture to handle camera frame translation from asynchronous to synchronous input.
◦ Leveraged Matlab to convert camera frames between FPGA output formats.
◦ Configured GoogleTest for unit testing and built a separate C++ application for end to end testing.

Hy-Vee, Grimes, IA: Software Engineering Intern *May 2022 - December 2022*

◦ Pair programmed to add Novavax vaccination to the pharmacy website and server.
◦ Engineered full-stack development with C#, React, TypeScript and Apollo GraphQL.
◦ Collaborated on sending vaccination data to a healthcare company API, reducing faxing costs by over 90%.
◦ Identified and resolved an application wide bug by extending the built in JavaScript Date object to mirror MomentJS.
◦ Ensured WCAG 2.1 compliance was upheld on every vaccination form page.
◦ Implemented activation toggles for new COVID vaccines for safe and incremental releases.
◦ Deepened my understanding of Git, testing ideologies, and Agile methodology.

Iowa National Guard: Human Resources Specialist, Sergeant/E5 *February 2017 - Present*

◦ 12 month deployment overseas as an air defense battle management system operator.
◦ Managed personnel records using IPERMS and IPPSA while in the Joint Force Headquarters out of Camp Dodge.
◦ Integrated into 3 different teams for 3 months each during deployment.
◦ Operated, maintained, and trained other soldiers on air defense systems.

PROJECTS

Collins Aerospace: Simultaneous Call Transmission *January 2022 - December 2022*

◦ Created an ML model that detects multiple concurrent radio transmissions with 4 other classmates.
◦ Collaborated with 3 electrical engineers to simulate isolated and interfering aircraft radio transmissions.
◦ Set up CI/CD to generate new training data every time radio simulation was modified.

Keyboard *April 2022 - August 2022*

◦ Designed and manufactured a split, ergonomic, 42 key, bluetooth keyboard pcb using KiCad.

Affordable Housing *March 2017 - April 2017*

◦ Designed an affordable house that was built in Des Moines, IA using Autodesk Revit for the Polk County Housing Trust Fund.

SKILLS

Programming Languages

◦ Highly Skilled in JavaScript, TypeScript, Python, C and C++.
◦ Fluent in SQL and NoSQL languages, C#, .NET, PowerShell, HTML/CSS, Java and VHDL.

Tools and Frameworks

◦ Highly Skilled in Git and Object Oriented Programming.
◦ Experience with Linux, React, Sveltekit, Firebase, GraphQL, Vim, and Jira.

Certifications

◦ CS50x online Harvard class: Introduction to Computer Science 2020.

ACTIVITIES

◦ COMS 309 Fall 2021: Top programmer of the semester award.
◦ Ran the 2019 Boston Marathon in 2:51.20, ran the DSM marathon 4 times prior, and rode a beginner bull for 8.3 seconds.

Iowa State University B.S. Software Engineering *August 2018 - December 2022*

◦ Minor in Cyber Security
◦ GPA 3.31

WORK EXPERIENCE

Fareway Grocery, Ankeny, IA: General Stocker *February 2025 - March 2026*

◦ Averaged 24 hours a week, managed and locked the store at the end of the night on Fridays.
◦ Ensured all departments, produce, front-checkers, and floor were all taken care of and on track.
◦ Managed personnel resources in case any emergent issues arose and called in extra help if necessary.
◦ Made notes and documentation in case of overnight issues for the morning-crew to be alert of.
◦ Closed the loop on issues and checked in following shifts on potential future resolution plans.

Fareway Grocery, Ankeny, IA: General Stocker *June 2014 - June 2018*

◦ Courtesey call cart pushing, stocking, facing and fronting shelves.
◦ Stocked and faced dairy department for 2 years, closing shifts and morning truck shifts.

Hy-Vee, Grimes, IA: Software Engineering Intern *May 2022 - December 2022*

◦ Pair programmed to add Novavax vaccination to the pharmacy website and server.
◦ Engineered full-stack development with C#, React, TypeScript and Apollo GraphQL.
◦ Collaborated on sending vaccination data to a healthcare company API, reducing faxing costs by over 90%.

aurognes@gmail.com ◦ **515-619-1910** ◦ **Ames, IA**

WORK EXPERIENCE

Iowa National Guard: Human Resources Specialist, Sergeant/E5 *February 2017 - February 2025*

◦ Worked under many management structures on various military bases in Iowa, Georgia, Texas, and New Mexico.
◦ Trained for 3 weeks during annual training in Camp Ripley Minnesota with the 1-194 Field Artillery.
◦ 12 month deployment overseas as an air defense system operator.
◦ Integrated into 3 different teams for 3 months each in unique locations during deployment.
◦ Operated, maintained, and trained other soldiers on air defense systems.
◦ Managed personnel records using IPERMS and IPPSA while in the Joint Force Headquarters out of Camp Dodge.

Beyer's Bees, Boone IA: Apiarist Assistant *May 2026 - Present*

◦ Wore a bee-suit, inspected 9 apiaries worth of hives multiple times per week.
◦ Cleaned and scraped wax and propolis off beehive frames and boxes.
◦ Melted collected wax down in steamer tank.
◦ Transfererd hive boxes between trailers, organized and cleaned trailers.
◦ Set swarm traps, collected over 16 swarms during the summer months and transferred into hives.
◦ Worked in a garden pulling weeds and tilling soil.
◦ Operated a garden-tiller and hoe to till garden soil.
◦ Cut down small trees and applied poison to stumps.

Fareway Grocery, Ankeny, IA: General Stocker *February 2025 - March 2026*

◦ Averaged 24 hours a week, managed and locked the store at the end of the night on Fridays.
◦ Ensured all departments, produce, front-checkers, and floor were all taken care of and on track.
